EXPERIENCE

UX DESIGNER

VELOCITYEHS | REMOTE

January 2022 – January 2025

- Owned end-to-end design process for multiple complex web applications on B2B enterprise SaaS platform with over 10 million global users.
- Managed designs and user research studies for product suite responsible for \$25 million in ARR.
- Crafted and delivered design artifacts, including user journeys, site maps, wireframes, prototypes, and high-fidelity concepts.
- Collaborated cross-functionally with multiple development teams, product managers, software architects, QA, UX designers, and solution specialists.
- Planned and conducted qualitative and quantitative user research, including user interviews, competitive analysis, focus groups, heuristic evaluations, and A/B usability tests.
- Translated research insights into actionable product and design outcomes, increasing usability by 30%.
- Regularly presented designs to stakeholders and participated in design critiques and engineering reviews.
- Scheduled and monitored user research sessions and helped maintain research repository in Dovetail.

UX CONSULTANT

XCEL ENERGY CENTER | REMOTE

June 2021 – August 2021

- Applied end-to-end human-centered design process to information architecture web project for large-scale arena servicing 20,000+ monthly customers.
- Directed iterative design process and independently produced interactive prototype for A/B testing.
- Collaborated with research team in planning and conducting user research and usability testing involving 90+ participants.
- Performed statistical and qualitative analysis of research data; synthesized findings into recommendations.

UX CONSULTANT

FEAR NOT NATION | REMOTE

March 2021 – June 2021

- Applied end-to-end human-centered process to web redesign project for pediatric cancer charity with web audience of 2,000+ monthly visitors.
- Participated in planning and conducting user research involving 30+ participants.
- Performed analysis of research findings and designed mobile-first, responsive product.
- Implemented design recommendations into new website via Wix.
